

A Welcome letter from your Academic Advisor, Professor Robert Lusty

Welcome Community Safety Honours Bachelor Degree Students

Congratulations on your acceptance into Sheridan College's Honours Bachelor of Community Safety Degree! On behalf of the Faculty of Applied Health and Community Studies, we are thrilled that you have accepted Sheridan's offer. I speak for all faculty when I say, we are looking forward to getting to know you.

On September 2nd at 2 pm we are holding a New Student Orientation virtually at this link: <https://hopin.com/events/sheridan-s-new-student-orientation-fall-2021> At that time, we will provide you with program information, laptop requirements, and many other tricks and tips that will help you make a smooth transition to our school. Dr. Paul Hommersen and I will be present to answer any questions you may have during this online visit. I also wish to advise you that the program delivery is **Hybrid** and your classes, except for the breadth elective, will be on campus in September.

If you need any assistance as you prepare to enter, or throughout your time in our program, please feel free to contact me at robert.lusty@sheridancollege.ca We have a superb team of professors and many friendly and helpful folks behind the scenes who are dedicated to helping you succeed.

Best personal regards,

Robert Lusty Bsc, MA, Professor and Academic Advisor, Honours Bachelor of Community Safety
