

# Sheridan

Dear Student,

Welcome to Sheridan and congratulations on your acceptance to our Honours Bachelor of Health Sciences Kinesiology and Health Promotion program - 2021/2022 academic year!

You have chosen an excellent program to help you gain the skills and abilities needed to prepare you for a promising career in the allied health field. Our graduates work in a variety of health-related professions including kinesiology, exercise physiology, community health, ergonomics, strength, conditioning and more.

Program enrollment is limited to allow students to build meaningful connections with their professors and fellow students. In our state-of-the-art exercise and physiology labs your experienced and dedicated professors will help guide and mentor you over the next four years. You are encouraged to participate in health and wellness activities both on campus and within our community.

Your faculty is excited to meet you! Please attend Sheridan's virtual [Orientation](#) for Kinesiology and Health Promotion, Thursday, September 2<sup>nd</sup>, 2021, from 2-4 pm. During this time, you will have the opportunity to meet your faculty. We will discuss the structure and expectations of the program, placement opportunities, and ensure you are prepared for your first day of class.

To prepare for your first day of class, please have a look at your schedule and familiarize yourself with the rooms you'll be in at our Davis campus, located at 7899 McLaughlin Road, Brampton, Ontario. If you don't see a room number on your schedule, that means that your course is online in our virtual classrooms in SLATE.

Here are links to resources that I feel would be of value:
