

Sheridan

Welcome to the PSW program at Sheridan College.

You have made a good choice.

I am looking forward to meeting you at our new student orientation on Thursday, September 2, 11 am – 1 pm.

There are a few things I want to bring you up to speed on so you will be off to a good start on September 7th.

1. We will be using digital textbooks for most of the classes. Mosby's Canadian Textbook for the Support Worker and the Human Body in Health and Illness can be purchased directly from the publisher at a reduced cost. Please see this document for instructions.

Sheridan PSW
Elsevier resources F2

2. As you may have already heard, Sheridan has instituted a policy that anyone accessing the campus needs to be vaccinated. You should have already received information about this, and we will review the information at orientation.
3. Many of you are wondering about placement requirements. That information will be reviewed during your first lab class on September 17th. Plan to attend that very important virtual lab class.
4. Our lab classes are face to face and will be held at our new lab rooms at the HMC campus in Mississauga.

We have a great PSW program at Sheridan and I am looking forward to journeying with you on your road to the PSW certificate.

Take care and see you at orientation,

Betty Buder

Program Coordinator
